Arrival of the Enterprise.

SUCCESS OF THE GREAT NAVAL
EXPEDITION!!

Details of the Capture of Forts Beauregard and Walker!

THREE MILLION DOLLARS WORTH OF COTTON
SEIZED IN SOUTH CAROLINA!!

Another Fleet Starting for the Southern Coast!

ARREST OF EX-SENATOR GWIN!!

Dates Including the 15th November.

The steamer Enterprise arrived this morning at 8 o'clock from Olympia, bringing the following important news:

OLYMPIA, Nov. 25, 1861.
By the arrival of the Overland Mail last night, the following dispatches, to the 15th inst., were received which were telegraphed from Yreka, for the Oregonian:

BALTIMORE, Nov. 11.
The N. Y. Post says an expedition is about to sail to seal the harbors of Charleston and Savannah against the exit and ingress of vessels.
There is also a flotilla of 40 vessels now in the port of New York, armed and ready to sail to the Gulf of Mexico.

Dispatches from Cairo state that the battle at Belmont, last week, was bloody and hard fought, although the Federals, under General Grant and McClelland, captured over 200 prisoners and drove the enemy from their camp, burning their tents, &c., yet by reason of reinforcements coming to the Federals, the battle was not far from 500 killed, wounded, and prisoners. The rebels loss is about the same. Pillow was in command of the rebels.

QUINCY, Nov. 11.
Capt. Steadman arrived at Washington, yesterday noon, bringing dispatches from the Naval Expedition.
He is the bearer of two flags, one Palmetto flag, and one American, which was hoisted in South Carolina, over Fort Walker.

Capt. Steadman reports that the captured forts are magnificent with earth covered ways and bomb-proof magazines, and that all our troops had to do was to hold them; they can be held against any opposing force.

On the reception of official dispatches, the following order was issued:
The department announces to the navy and to the country its gratification at the brilliant success of the combined navy and army force respectfully commanded by Flag Officer F. Dupont and Brig. Gen. W. H. Sherman with the capture of Forts Walker and Beauregard commanding the signal victory, it is ordered that a national salute be fired from each navy yard at meridian on the day after the reception of this order.

A New York dispatch says orders have been received from Washington, to ship a large quantity of ordnance and stores immediately to Port Royal.
The Seminoles had five shots in her hull.
The Wabash had her machinery disabled.

Five of the twenty guns of the fort on Hilton Creek were dismantled. There were 500 rebels on Hilton Peaks, and 1500 on Bay Point. We have captured 55 cannon 500 muskets and any amount of ammunition. The road by which the rebels escaped is covered with rifled muskets, knapsacks, &c. We have taken 2500 blankets and tents for 200 men.
The rebel guns were all 32 pounders, four being rifled and cast this year, at Richmond. The others were from Norfolk, including an English gun captured in the last war. The muskets and ammunition are English.

The chief engineer of the Sasquehanna was killed.
Thirty dead bodies have been found and more are being found having been hastily buried in the sand.
The Georgia troops ran first and the South Carolina last. A German artillery company, who served the rebels, are still in the last.

Gen. Heintzelman from the left wing of the army of the Potomac, says it is true the rebels are leaving for the South as fast as possible.
Gen. Price's main force was found forty miles south of Springfield, planting artillery.

Quincy, Ill., Nov. 15.
The New York World's Washington dispatch says Gen. Stone and Banks are in town. A grand Council of War is to be held to-day, which will be participated in by Gen. McClelland, the President and all the Major Generals. The question of an advance will then be decided.

Our spies and scouts report great disturbance in the rebel ranks, and the rapid movement of troops.

SPRINGFIELD, Mo., Nov. 14.
Since the departure of the army on the 9th for St. Louis from Warsaw, nothing of interest has transpired, and Springfield will be entirely evacuated. A large number of Union men of the city and country have left with the army, not being willing to trust their lives in the hands of the rebels.

Price began to move on Saturday morning with 2500 men and 25 pieces of artillery, towards Pineville, in the southwest corner of the State. A gentleman from the rebel camp says that Price designs to go into winter quarters at Cross Hollow, Washington county, Arkansas.

NEW YORK, Nov. 15.
A large English steamer, loaded with munitions

of war for the rebels, was captured by a United States frigate, and taken into Key West.

BALTIMORE, Nov. 15.
The Old Point boat has arrived here. Charleston papers of Nov. 13, state that Gen. Lee is making extensive preparations to defend Beaufort, and that place is now occupied by Gen. Sherman; and that the negroes are now engaged in moving cotton and other property. Two yankee gun boats were aground near the village.

The Charleston Courier states that there is little cotton stored at or near Beaufort.
The New York Herald's dispatch says that Dodge, chief of Police at Baltimore, was here to-day and reported to the War Department that information was brought to Baltimore this morning by a boat from Fortress Monroe, that Gen. Sherman had seized three million dollars worth of cotton in the vicinity of Beaufort, South Carolina, and that numbers of citizens had professed loyalty to this Government.

NEW YORK, Nov. 15.
The steamer Champion, from Panama, has arrived. Ex-Senator Gwin was a passenger under arrest. Calhoun Denham and J. L. Bent, of California, were expected on the Uncle Sam.

NEW YORK, Nov. 15.
The steamer Coalsacolas, from Port Royal, Nov. 13, arrived here last night. The troops had all been landed, and the war materials from the various vessels of the fleet were being rapidly discharged. It was surmised that the pickets on the opposite side of the island, near Savannah ferry, had been attacked by the rebels. The Federal forces had taken formal possession of Beaufort.

John Brown, a secessionist, was arrested at Boston on the 14th. He was from England and had a letter from Wm. L. Yancey, in England, to his son in Alabama, in which he speaks discouragingly of a Southern recognition by the European powers.

ONE DAY LATER NEWS!

THE PRIVATEER SUMTER CAPTURED!

Great Victory in Kentucky!

The steamer Cortes arrived at Portland on Friday morning, bringing the following dispatches, one day later:
ST. LOUIS, Nov. 12.

A great battle has been fought in Pike county, Kentucky, between the Federal forces under Gen. Nelson, and the rebels, under Gen. Wilson. A large force was engaged on both sides, and the rebels were routed with great slaughter. The victory of the Federal forces was complete. Over 400 rebels were killed and 1000 taken prisoners. A large quantity of baggage and military stores fell into the hands of the Government troops. Our loss was small.

The successes of the Government in South Carolina, Kentucky, and elsewhere, are creating the impression that the rebellion will soon be crushed.
The entire rebel force under Price was going south at a rapid rate, at last accounts.

Mr. Chase, Secretary of the Treasury, has issued a proclamation declaring Beaufort to be a port of entry.
Gen. Denver has been assigned to the command of the Federal troops in Kansas.

Reinforcements are being continually sent south to join the troops at Beaufort.
The Secretary of the Treasury had an interview with the Commissioners of the Associated Banks this afternoon, at which an arrangement was made for the taking of the third \$50,000,000 loan.

NEW YORK, Nov. 15.
Senator Gwin, Benham and Brent were arrested by Gen. Sumner, who was on board the steamer. The New Granadian General, Herran, undertook to prevent the prisoners from being taken across the should be, and it was done. After their arrest they were released on parole, not to leave the country without permission of the Government.

A flag of truce from Norfolk brought some 20 persons. They leave on account of high prices of provisions. A Norfolk paper contains the following:
"ANGUSTA, GA., Nov. 11.

A report is current here, for the past day or two, that black flags have been hoisted at Savannah, Charleston and other places on the Southern coast, which indicates that no quarter will be given to the invaders and none asked."

QUINCY, Ill., Nov. 15.
Norfolk papers have been received at Baltimore containing news from Richmond to the 11th inst. Col. Corcoran and eighteen others, prisoners, captured at Manassas, had been selected by lot to be hung by way of retaliation for Capt. Baker and the crew of the privateer Savannah. The Hon. Mr. Ely drew lots for Corcoran, who is now in prison at Charleston. In case of the Savannah to death, the Federal officers will be immediately hanged.

The Charleston Mercury of the 10th has the following:
"The Yankee prisoners are all safely in jail, where they will abide the issue of the trial of our brave privateers at the North. Should a drop of Southern blood be shed by the Northern courts for defending the South on the Seas, self-protection, the enforcement of the laws of nations and humanity alike require, in this instance, full and ample retaliation."
The Mercury says that the Federals would capture a large amount of cotton in the vicinity of Port Royal.

Later dispatches from Kentucky say that in the great battle there, 400 rebels were killed and 2,015 were made prisoners.
The capture of the rebel privateer Sumter is placed beyond a doubt. It is said she was preparing for a descent upon the steamer Champion, with a view of seizing the California treasure shipments. No further particulars.

HOLLOWAY'S PILLS AND OINTMENT.—
Stomach and kidneys.—Between these two organs there exists a close and intimate relation, which is demonstrated by the wasting which occurs in all diseases afflicting the kidneys. The disordered stomach is often the first index of real irregularities. Holloway's remedies used at that juncture would cut short many a serious and fatal attack. They act with wonderful efficacy on every organ of secretion, but especially do they regulate the stomach, liver, and kidneys in restoring their healthy functions, and casting out any obstructions or impurities. It is necessary for the Ointment to be well rubbed over the affected parts twice daily, when it is absorbed, and much augment the purifying and salutary influence of the Pills.

HOARSENESS, &c.—Brown's Bronchial Troches—These cough and voice lozenges, which we advertised a few weeks ago, are superior for relieving hoarseness, to anything that we are acquainted with. We have tried them during the past winter, and make this statement gratuitously, for the benefit of our brethren in the ministry.—Central Christian Herald, Cincinnati.

J. S. DRUMMOND,
Now offers to the public
MAGEE'S
COAL AND GAS BURNERS!
For warming and ventilating
PARLORS, OFFICES,
HALLS AND STORES,

Which for Economy, Purity of Air, and Ease of Management, has no equal. They can be regulated so as to give
Any Amount of Heat Required,
And unlike all other Coal Burners, Ventilate the Apartments quite as thoroughly as a wood fire or open Franklin.

Producing a Current of Air,
at once moist, pure and agreeable, and as none of the air which comes in contact with the fire pot is used for respiration, the tendency to produce headache, so much complained of by those using Stoves and Furnaces is entirely obviated.

The Fire may be continued from one to four days without replenishing.
These Stoves are beautiful in design, and finished in the most perfect manner. They are equally appropriate and have given universal satisfaction to all who have adopted them.

FOR OFFICES AND STORES AS WELL AS THE PARLOR.
The inventor challenges the world to produce an article by which so much pure warm air can be generated in so small an amount of fuel, requiring but about fifteen pounds of coal to warm an ordinary sized parlor for twenty-four hours without replenishing, and then leaving fire enough to rekindle without the use of charcoal.

The coal is all used and no cinders made, consequently soot is dispensed with. When this stove is properly managed,
The Fire may be continued through the entire season,
Without once going out. Added to these qualifications the purchaser may reasonably expect to save from thirty to fifty per cent. in fuel of expense.

THESE STOVES ARE GUARANTEED.
I have also received a full assortment of
Fancy Heating Stoves,
FOR WOOD OR COAL,
And the best improvement on
COOKING STOVES.

Fancy Lacquered American Grates,
with bricks and all the fixings complete.
English Grates,
Lifting Pumps and Force Pumps,
Tinware, Fire-Irons, Wire, Fenders, etc., etc.,

Wednesday Morning, Nov 27. 1861.

House of Assembly.

TUESDAY, November 26, 1861.

The House met at 3 p. m. Present—The Speaker and Messrs. Cary, Ring, Franklin, McDonald and Burnaby.

Messrs. Trutch and Trimble were introduced and took the oaths and their seats as members for Victoria District.

The House then went into Committee of the Whole to discuss Mr. Franklin's address to the Governor relative to the establishment of a Lighthouse at McLaughlin's Point—the expense not to exceed £30 per month.

Mr. Burnaby in the Chair.

Mr. Helmecken wanted to know how they were to get the money for the Lighthouse, when they were unable to get money for the bridges on the Esquimalt Road, notwithstanding that the House had passed a resolution asking the Executive to build them.

The Attorney General said they would have to run into debt. Because the Executive had paid no attention to the resolution granting bridges to the Esquimalt Road, the honorable member (Mr. Helmecken) should not assume that the Government would pay no attention to the Lighthouse resolution.

The Chairman and Mr. Franklin expressed themselves to the effect that the resolution was merely a temporary one, and that provision for a Lighthouse should be made by collecting dues from vessels.

The resolution then passed the committee, which rose and reported.

Mr. Ring gave notice that he should move that an address be presented by the House to His Excellency, praying him to declare the Port of Nanaimo a Port of Entry. He should also move for a return of the amount of revenue derived from Nanaimo, and that the sources of that revenue be laid upon the table.

The House adjourned till to-day (Wednesday), at 3 p. m.

STORM.—We were visited last evening by an unusually high wind accompanied by rain. The wind blew a perfect hurricane, and went howling around town, shaking things generally, and sign-boards in particular. We heard of no serious damage being done up to the time of going to press, but would not at all wonder if we heard of some serious accidents on the coast as a consequence of the storm.

IN THE CHAIN-GANG.—From a gentleman lately returned from Port Townsend we learn that the only son of the late Mr. Johnson, of Johnson street, is now undergoing two months' work in the chain-gang, he having been charged and convicted of stealing two spoons from his step-mother. After he has served his time a charge of committing a rape on an Indian woman will be brought against him.

MISSIONARY MEETING.—At the Church of England Missionary meeting on Monday the following resolutions were passed:

1. That the Chinese who are coming in large numbers to our shores claim our sympathy and efforts for their spiritual amelioration; the history of Missions amongst them proving that they are capable of being influenced by Christian truth.

2. That the success which has attended Missionary efforts among the Indians proves them to possess considerable capacity for the appreciation of Christianity.

3. That the difficulties which occur to the Missionary work among the Indians are only additional incentives for the zeal of a Christian people in promoting that work.

"FLOTSAM AND JETSAM."—L. Helmecken and Peter Jewell appeared at the Police Court yesterday, to answer a charge of stealing four planks, the property of John Costello. It appeared from the evidence that several planks of rough lumber were floating about the harbor, and that defendants went out in a canoe and secured four of them. These were, however, claimed by Costello, who swore that he had previously fastened them on the beach. Mr. Pemberton dismissed the charge, but ordered defendant to pay costs of court.

WATERLOGGED.—The ship *Cartier Dove*, which arrived at San Francisco on Nov. 11, reports that on October 17th, lat. 11. 17 N. lon. 117. 26 W. took from the Chile bark *Col. Pecarte*, of Valparaiso, Captain Reis and fourteen seamen, being in a sinking condition, from Puget Sound for Valparaiso, loaded with lumber.

WASHED AWAY.—During the storm last week, about a hundred feet of the road at Gibraltar Hill, on the first portage from Port Douglas, was washed away down to the bed-rock. The stage and wagons have consequently been unable to travel, and will be till the road is repaired.

EVENING LECTURE.—The next Lecture will be given before the Literary Institute, at the Theatre, on Tuesday next, by the Rev. C. T. Woods. Subject, Thackeray and other Modern English Novelists.

NEARLY DONE.—We learn that Mr. J. W. Trutch has completed his contract with the exception of one mile: and that will soon be finished.

PRIVATE BILL.—The Select Committee appointed to consider the Gas Company's Extension Act held a meeting yesterday and reported in favor of the Bill.

ST. ANDREW'S SOCIETY.—The price of tickets for the Anniversary Dinner of this Society was lowered at a meeting held Monday evening from \$5 to \$3.50 each.

DEBERTERS.—Two more deserters from H. M. S. *Topaze* were apprehended by the police, and yesterday ordered to be given up to their officers.

THE CONVICT DICK.—The petition on behalf of the Indian now under sentence of death, was yesterday sent in to the Governor.

HOUSE OF ASSEMBLY.—The Jury Bill and the Gas Company's Extension Act, will come before the House this afternoon.

SUPREME COURT.—In the case of *Gidney* Mr. Ring moved to have the record amended, with the object of having a new trial. The Attorney General opposed the motion in a long argument. The motion was granted, after which Mr. Ring moved; for a *venire de novo*. The Chief Justice reserved his decision.

NAVAL.—Mr. Mitchell, engineer on board H. M. S. *Topaze*, died at the Naval Hospital yesterday from the effects of fever caught while off the coast of South America. This is the second officer that has lately died on board the above ship from the same sickness. The remains of Mr. Mitchell will be buried to-morrow.

ACCIDENT AT SHEPARD'S MILL.—Intelligence reached town yesterday afternoon that one of the hands employed at Shepard & Sayward's saw-mill, at Cowichan, had his skull fractured by the belt slipping from the saw. Dr. Dickson started there about four o'clock. The man was thought to be in a precarious state.

SUBURBAN LOTS.—Ten one-acre lots, situated near the Springs, being part of the estate of the late Mr. John Miles, were sold at auction by Mr. Backus yesterday. They realized from \$200 to \$450 a lot.

LIVE STOCK.—The steamer *Enterprise* brought a quantity of live stock, including 80 head of sheep from the Sound. The *Schr. Flying Mist* also arrived yesterday from Port Townsend with 78 head of cattle.

GRAY ARROW.—This race horse was sold yesterday at James' stables, and was knocked down at the low figure of \$210 to Mr. Dupree. His late owner is said to have paid \$500 for him.

EXPECTED.—The schooner *Endeavor* is now 24 days out from San Francisco. She is bound for New Westminster, but will call here for a pilot.

The Colored Question.

EDITOR BRITISH COLONIST:—The recent election for Victoria District has been a subject of conversation for the parlor, the various saloons, James' Bay buildings, and I know not where. Why? A complexioned man was a candidate for the House. "Monitor's" thrilling pen describes it in so rich a style: "A thousand bombshells from an enemy's camp could not have produced a greater sensation." The first question I wish to notice why such a sensation be produced and disseminated throughout the length and breadth of the land, is a man's color tantamount to a curse or a reproach? I answer, No! no! and that unsullied and charitable portion of the community will assent with me, No!

I apprehend Mr. Francis is a subject of that formidable and righteous country whose shield guards the unprotected, whose flag shrouds the colored race with liberty: not exterminating and trampling on the progress of that race; on the contrary, she lends a helping hand in elevating that race morally, intellectually, and spiritually.

The next question is: Our House of Assembly will dissolve, or the members resign. Such rumors I view as a menace to still the tempest, and individually I scarcely believe—for Lyceus or Pericles would have sat beside an honest, intelligent man of color and deliberate for his country's good.

The unpleasant occurrences from time to time appear to the writer as foreign as they are barbarous (viewing the daily but serious struggle for rights and the so-called privileges) when the writer's native land gives the widest scope for intellect, and that fertile soil of the Antilles gives birth to many cultivated sons of genius wafted on the winds of the Caribbean Sea, untrifled, social, intellectual, and political freedom in its widest and amplest form.

Now, a glance at Her Majesty's wide-spread provinces of the West, with three or four millions of colored subjects. Behold the Barbadoes' Legislature, with its Anglo-Saxon and complexioned representatives. Turn to the Executive, Corporation, Magistracy, and other departments. See "Lyell's Visit." Our attention is drawn again to Monserrat, with its complexioned Governor.

Jamaica, once the most important colony of the British Empire. Britain's coffers speak of her wealth in those palm; but with three or four millions of colored subjects. Behold the Barbadoes' Legislature, with its Anglo-Saxon and complexioned representatives. Turn to the Executive, Corporation, Magistracy, and other departments. See "Lyell's Visit." Our attention is drawn again to Monserrat, with its complexioned Governor.

Now, in that remote Island of the West we take a step to the House of Assembly, composed of five members. We see Sir Edward Jordan holds the position of government leader (Premier) for several years, whose statesmanship had been a subject of comment and approbation of late in England. And, sir, three-fourths or one-half of the representatives are Anglo-Saxons, with a small share of nobility, Lord Howard de Walden, Baron Kettleholdt, with Sir Arthur Rumbold (who is now in England).

Advert to the Executive, Hishop, Menercliffe, those eminent and practical barristers-at-law; the Hon. Richard Hill, a geologist whose eloquent pen still lives to win the admiration of his readers. Revert to the Ecclesiastical establishment, Magistrate, Justiciary, etc. also three complete regiments of black troops who are ever ready to preserve the crown and dignity of our monarch.

No doubt the men alluded to here, some of your readers in Victoria are acquainted with their names. I must not be thought an egotist for bringing this before the public. The general expression is, by some of our citizens, "The idea of a colored man sitting in the House of Assembly." So, sir, you see Mr. Francis would not be the first complexioned man honored with a seat in our model Legislature.

They are not less than fifteen to twenty British West Indians here. Are we to be treated as aliens, must say by an implacable Executive? Are all colored men in Victoria boot blacks and chimney-sweeps? Judging from the late theatre fracas and previous ones, we have kept aloof looking on with disgust. My other countrymen who are here I trust will join with me in this sentiment, never to make this our home. We have never been before His Excellency in any shape or on any occasion, to ask for what we have enjoyed in our native land.

I have encroached much on your widely extended journal, so I crave your indulgence.

The Princess Anna, of Denmark, one of the ladies spoken of as the destined bride for the Prince of Wales, is just fifteen; very fair, with a most brilliant complexion, and fair hair, clustering in thick curls about her neck and shoulders. Her Royal Highness has been most carefully brought up, and is possessed of a most splendid musical talent, cultivated to its utmost extent by the first masters in Europe. Altogether she is considered one of the most accomplished of the Princesses in Europe; and her portraits, in white muslin with blue ribbons, and a single rosebud in her golden hair, long formed one of the greatest attractions of Giron's exhibition at the Boulevards. The Princess of Hesse Darmstadt is not so well known, but is described as being fair and comely, with chestnut hair, and is remarkable for great sweetness and amiability of disposition, and is also slightly "blue." The Grand Ducal Palace, at which the Princess Alice is to reside, bears the reputation of "a little paradise on earth," because of its undisturbed harmony.

The London *Times* publishes a letter from the Hon. T. A. Fay, American Minister at Switzerland, mainly devoted to refutations of Lord Russell's late speech at Newcastle, in which he asserted that one side in the American war was striving for empire and the other for independence and power. Mr. Fay protests in stringent terms against Lord Russell's reasoning. He complains of the sympathy accorded to the rebels by the English and continental journals. The *Times* reiterates the Fay letter, and says that although it carries improbabilities to the farthest point, it is not to be compared to the absurd and peevish letter of Cassius M. Clay and other Lincoln diplomats.

LEA & PERRINS'

CELEBRATED

Worcestershire Sauce.

PREPARED BY CONNOISSEURS TO BE THE ONLY Good Sauce, and applicable to EVERY VARIETY OF DISH.

EXTRACT OF A LETTER FROM A MEDICAL GENTLEMAN at Malpas, To his Brother at Worcester, May, 1851.

"Tell LEA & PERRINS that their Sauce is highly esteemed in India, and is, in my opinion, the most palatable, as well as the most wholesome Sauce that is made."

L & P, having discovered that several of the Foreign Markets have been supplied with spurious imitations of the "Worcestershire Sauce," the labels of which closely resemble those of the genuine Sauce, and in one or more instances with the names of L & P. joined, they have deemed it their duty to caution the public, and to request purchasers to see that the name of LEA & PERRINS are upon the Wrapper, Label, stopper and Bottle.

L & P, further give notice that they will proceed against any one who may infringe upon their right, either by manufacturing or vending such imitations, and have instructed their correspondents in the various parts of the world to advise them of such infringements.

Wholesale and for exportation by the Proprietors, LEA & PERRINS, Worcester, England; Crosse and Blackwell, and other Oilmen and Merchants, London.

Keating's Cough Lozenges

A SAFE AND CERTAIN REMEDY for Coughs, Colds, Hoarseness, and other Affections of the Throat and Chest. In Infants Croup, Whooping Cough, and Winter Cough they are unfailing. Being free from every hurtful ingredient, they may be taken by the most delicate female or the youngest child; while the public speaker and the professional singer will find them invaluable in allaying the hoarseness and irritation incident to vocal exertion, and also a powerful auxiliary in the production of melodious enunciation.

Prepared and sold in Boxes and Tins, of various sizes, by Thomas Keating, Chemist, etc. No. 79, St. Paul's Church Yard, London. Sold retail by all Druggists and Patent Medicine Vendors in the world.

N.B.—To prevent spurious imitations, please to observe that the words "Keating's Cough Lozenges" are engraved on the Government Stamp of each box, without which none are genuine.

CURE OF ASTHMA OF SEVERAL YEARS' STANDING.

Calmness, near Stroud, Gloucestershire. Sir,—Having been troubled with Asthma for several years, I could find no relief from any medicine whatever, until I was induced about two years ago to try a Box of your valuable Lozenges, and found such relief from them that I am determined for the future never to be without a box of them in the house, and will do all in my power to recommend them to my friends.

If you consider the above testimonial of any advantage, you are quite at liberty to make what use of it you please.

I am, Sir, your most obliged servant,

THE WORLD'S FRIEND!

Holloway's Ointment.

A Cure for Piles and Fistulas.

Inflammation of sensitive parts, piles, fistula, and such like painful diseases may be prevented, relieved, and ultimately cured, and the proper and diligent use of this cooling and healing Ointment, whose action should, in such cases, be assisted by judicious doses of Pills: ere many days have elapsed the anxious patient will experience a wonderful degree of ease from this treatment. They are equally suitable to both sexes, and all ages.

Coughs, Colds, and Asthma.

These complaints of the chest come on with alarming frequency. The Ointment should assiduously be rubbed at least twice a day on the chest and between the shoulders, when the violence of all symptoms will gradually give way, and the breathing become longer, and the oppression less. No medicines are more efficient in these complaints, none can be used with equal safety and certainty. Both Pills and Ointment are accompanied by very clear and simple directions for using them.

A Man who refused to have his Leg off.

"From the *Kilrush Advertiser*, June 2d, 1860."

BENJAMIN COX, Esquire, Magistrate, said in the Board Room at Kilrush, that he knew a man who had been in the Infirmary and was actually turned out as incurable, on his way home to Kilrush, he said, it could not be worse with him. This man, said Mr. Cox, became by their use as sound and as healthy as any man in the room. These celebrated Pills and Ointment will cure any case of piles, hemorrhoids, or any other complaint, if properly used according to the printed directions.

Gout and Rheumatism.

The essence of these diseases lies in the blood, which has, floating through each vessel, the pain-giving poison, which irritates and inflames every fibre it comes in contact with, and the blood, becoming longer, and more oppressive about the joints, so characteristic of gouty diseases. The philosophy of cure consists in overcoming this depravity in the blood, which is rapidly purified by the use of the Pills. The Ointment, when rubbed upon the skin, penetrates the system through the pores, and acts in unison with the Pills, and soon effects a cure.

Dropsy, Swollen Legs or Ankles.

The various kinds of dropsies, whether windy of watery, arise from some obstruction to the free circulation through the blood vessels or lymphatics, and depend on the fact that the blood, being some secretory surface, the various remedies, of which the efficacy cannot be exaggerated, act directly upon the blood, the absorbents and secretions, with a power that no dropsy, however inveterate, can long resist. They regulate the proper flow of blood to every organ, and purify the system, they filter out everything that is morbid or injurious, they thoroughly regenerate every function, yet potent as they are for good, they are powerless to evil. They do not contain mercury or any noxious substances. They are safely and certainly.

PROPOSALS ARE INVITED BY H. E.
the Governor for the construction of MULE OR WAGON ROADS to and through the Colonnade District, on or diverging from the existing communications connected with the main lines in the Colonies, such main lines being the Fraser River route, the Bonaparte River and Green Lake route, and that via Kamloops along the North River.
The Roads to be constructed at the cost of the person whose proposal is accepted, according to Specifications, forms of which may now be had on application at this Office.
To any person opening and constructing the road on an accepted bid, agreement to specification, the Government are prepared to grant a charter empowering him to levy a reasonable toll on passengers, animals and goods (with certain exceptions, vide specification) passing over the road, over such period as the charter may extend.
The power of executing toll will not take effect until the whole line of road shall be open for traffic and the charter signed.
The person whose proposal is accepted will be required to keep the road in repair during the whole time over which his charter is extended, and interest in the road will be resigned in favor of the Government of British Columbia.
The relative merits of such offers as may be received will be estimated by a comparison of the rates of toll, together with that of the period over which it is proposed that the charter shall extend.
The date proposed for the completion of the work to be stated; and it should be borne in mind that the most consideration will be given to offers from those persons whose names are willing to engage themselves to carry out the work in the shortest possible time.
Any further information that may be required will be given at this office.
Proposals will be received on or before 12 o'clock noon of 31st January next, to be addressed to the Chief Commissioner of Lands and Works of British Columbia, and docketed "Proposal for Construction of Mule Road (or Wagon Road, as case may be) from _____"
By order of H. E. the Governor.

The Science of Ironing.
ASK FOR BRIGGS' AUSTRALIAN
Satin Glaze Starch where you purchase Harper Twelveteens' Soap Powder. One pound is equal to nearly Two Pounds of any other. It is the very best Starch for Gentlemen's Collars and Cuffs, and the most economical for large Washing Establishments, Manufacturers, Bleachers, Hot-Pressers, and Finishers; and as the iron cannot possibly stick, every description of Embroidery, Lace, and Muslin can be ironed without fear of tearing. Used exclusively by Her Majesty's Lane Dresser, by the Land-dress for Buckingham Palace, and by thousands of Families throughout the Kingdom. Sole Manufacturer—HARPER TWELVETEENS, Bromley-by-Bow, London, E.
[Lane Dresser by Appointment to the Queen.]
GENTLEMEN—I have used your Starch for a considerable time. I have much pleasure in saying that it is the best Starch I have ever used. It surpasses any of the Foreign Manufacturers for giving a beautiful finish to the most delicate fabrics. For fine laces, &c. it is invaluable.
I am, Gentlemen, yours respectfully,
ELIZABETH CURLING.
Agents, Messrs JANION & GREEN,
no18 Victoria.

The Great Domestic Revolution.
HARPER TWELVETEENS' SOAP
POWDER for Washing without Rubbing has created an entire change and thoroughly revolution in the management of the "Family Wash;" and there are no reasons why the old, slovenly and disgusting process should be retained—a process so unnecessary, unscientific, and barbarous as to be considered a great national disgrace! Harper Twelveteens' Soap Powder saves time, trouble, money, firing, soap, "tongue and temper," and entirely abolishes the "female slavery" of the tub and the present domestic implements destroying practice of washing. It contains nothing injurious, but is as safe for the fabric and skin as the best soap. Only boil the clothes 20 minutes and hang the up to dry. No Runnins is required, however dirty the clothes! A Penny Packet is equal to Two Pounds of Soap! Every Packet bears the signature of the sole Manufacturer, HARPER TWELVETEENS, "The Works," Bromley-by-Bow, London, E., the largest Manufacturer of Washing Powder in the world. Sold by all Grocers and Druggists.
